

Canada: Unauthorized products may pose serious health risks - Update

Health Canada is advising Canadians about unauthorized health products that may pose serious health risks. The table below is updated when Health Canada finds unauthorized health products that are promoted for sexual enhancement, weight loss, as a workout aid, or as “poppers,” and that are labelled to contain or have been tested and found to contain dangerous ingredients.

The unauthorized products added includes:

Product & Promoted Use	Hazard Identified	Company
Vita-X Sexual enhancement	Product tested by Health Canada and found to contain sildenafil	Kitchen Food Fair 105A-6210 Finch Ave. W, Etobicoke, ON
J-Up Sexual enhancement	Product tested by Health Canada and found to contain sildenafil and tadalafil	Hung Phat Grocery 139 Rochester St., Ottawa, ON

Consumers are advised to stop using these products and consult with their health care professional if they have used these products and have health concerns.
