

Canada: Unauthorized products may pose serious health risks – Update

Health Canada is advising Canadians about unauthorized health products that may pose serious health risks. The table below is updated when Health Canada finds unauthorized health products that are promoted for sexual enhancement, weight loss, as a workout aid, or as “poppers”, and that are labelled to contain or have been tested and found to contain dangerous ingredients.

The unauthorized products added are:

Product & Promoted Use	Hazard Identified	Company
Spanish Fly Sex Liquid Wild Strawberry Sexual enhancement	Product with similar packaging (previously seized) was labelled to contain yohimbe	Balout Supermarket 8-13130 Yonge St., Richmond Hill, ON
Vigour 800 Sexual enhancement	Product with same name was tested by the Australian Therapeutic Goods Administration and found to contain sildenafil	
Zhen Gongfu Sexual enhancement	Product with similar packaging (previously seized) was tested and found to contain sildenafil	
Zhen Gongfu Sexual enhancement	Product with similar packaging (previously seized) was tested and found to contain sildenafil	Pars Foods Inc. 365 John St., Thornhill, ON

Consumers are advised to stop using these products and consult with their health care professional if they have used these products and have health concerns.

Please refer to the following website in Health Canada for details:
