

## Canada: Unauthorized products may pose serious health risks: Update

Health Canada is advising Canadians about unauthorized health products that may pose serious health risks. The table below is updated when Health Canada finds unauthorized health products that are promoted for sexual enhancement, weight loss, as a workout aid, as “poppers,” or for lightening skin or treating skin conditions (such as eczema or psoriasis). These products are labelled to contain or have been tested and found to contain dangerous ingredients.

The unauthorized products added are:

<b>Product &amp; Promoted Use</b>	<b>Hazard Identified</b>	<b>Company</b>
<b>MyoBlox Skywalk Peach Rings</b> Workout supplement	Product tested by Health Canada and found to contain levodopa	Amped Nutrition 314 Queen St S. Bolton, ON
<b>MyoBlox Skywalk Purple Haze</b> Workout supplement	Product tested by Health Canada and found to contain levodopa	
<b>MyoBlox Skywalk Red Wave</b> Workout supplement	Product tested by Health Canada and found to contain levodop	
<b>Rhino 7 Platinum 5000</b> Sexual enhancement	Product with similar packaging (previously seized) was tested and found to contain sildenafil and yohimbe	Esso Gas Station 89 Lindsay Street S. Lindsay, ON
<b>Super Panther 500k</b> Sexual enhancement	Labelled to contain yohimbe	

Consumers are advised to stop using these products and consult their health care professional if they have used these products and have health concerns.

Please refer to the following website in Health Canada for details:
