

Canada: Unauthorized sexual enhancement products may pose serious health risks: Update

Health Canada is advising about unauthorized sexual enhancement products that may pose serious health risks. The products are labelled to contain or have been tested and found to contain dangerous ingredients. Health Canada updates the table below when it finds unauthorized health products for sexual enhancement.

The unauthorized products added are:

Product	Hazard Identified	Company
Black Bull Extreme	Product tested by Health Canada and found to contain sildenafil and tadalafil	Convenient Store 6007 Yonge St., North York, ON
Bang Maximum Power	Product with similar packaging (previously seized) was tested and found to contain sildenafil	Luzon Convenience 284 Copper Creek Markham, ON
Etumax Royal Honey	Product with similar packaging was tested by the U.S. Food and Drug Administration and found to contain sildenafil and tadalafil	
Ginseng Red 2000	Product with similar packaging (previously seized) was tested and found to contain sildenafil	
Magnum Gold 24K		
Rhino 7 Platinum 5000		
Royal Honey VIP		
Big Rhino Fiamund 300K	Product tested by Health Canada and found to contain tadalafil	

Consumers are advised to stop using these products and consult their healthcare professional if they have used these products and have health concerns.
